RE: Financial Reports for Moving King County Residents Forward (MKCRF) and MKCRF-Owned Properties

EXECUTVE SUMMARY

Throughout the first three months of 2017, the MKCRF-owned Properties (the Properties) generated cash flow sufficient to make all required debt service payments, fully fund replacement reserves, and complete the interior upgrade of five units using KCHA's internal unit upgrade crew.

FIRST QUARTER 2017 FINANCIAL REPORTS

Attached are financial reports through the first quarter of 2017:

- Statements of Financial Position for the Properties as reflected on the books of KCHA as operator of the properties, and for MKCRF itself. MKCRF information is on the far right.
- Working Capital reports for the Properties as reflected on the books of KCHA as operator, and for MKCRF itself. MKCRF information is on the far right.

KCHA Operations of the Properties

Tenant revenues were slightly below first quarter budget projections, while operations expended 90.3% of budgeted expenses. As is typical early in the year, maintenance expenses were the main driver of the variance, with 84% of budget having been expended.

Throughout the period, the Properties generated net operating cash flow of \$595,632 after required debt service payments and additions to replacement reserves:

Operating Revenues	\$1,851,055
Operating Expenses	(835,043)
Debt Service	(386,995)
Trf to Replacement Reserves	(33,385)
Net Cash Flow	\$595,632

This cash flow was partially used to fund the interior upgrades of five units, half of the entire 2017 MKCRF unit upgrade budget. Once the 10 unit limit is reached, vacated units will most likely be subject to a regular as opposed to an upgrade turn. Since acquiring the Properties in 2012, 127 units have been upgraded by KCHA's in-house unit upgrade crew. A total of 328 units (64.4%) have been upgraded since inception of the program in 2006.

As of March 31, 2016, the Properties had combined cash on hand and short-term receivables of \$315,000.

Operations of Moving King County Residents Forward

MKCRF has had minimal operating activity with only \$195 of administrative expenses. All required monthly debt service payments to KCHA were made.

The March 31, 2017 balance sheet reflects negative working capital of \$518,060, which is equal to the minimum loan payments due within the next 12 months. These loan payments will be funded by cash generated by the properties over the course of the year. Confidence is high that MKCRF will continue to be in full compliance with the terms and conditions of its loan from KCHA.
